

**Participant 1:**

Issue/Problem	Violated Heuristic	Severity	Description
Cosmetic Problem	Aesthetic and minimalist design	1	Names of some events repeat in all calendar views
Cosmetic Problem	Aesthetic and minimalist design	1	Would prefer a drop down of the day view for selection instead of 3 dots. They believed this would be an easier way to navigate the application
Minor usability problem	User Control and Freedom	2	Suggested that we implement a home page which could have a request for all events to be added to the calendar to have a section on the main home page

**Participant 2:**

Issue/Problem	Violated Heuristic	Severity	Description
Cosmetic Problem	Recognition rather than recall	1	They stated that the swiping option was not easily known. Knowledge, the use of arrows could make it easier to navigate.
Major usability problem	Error Prevention	3	When adding an event if you put inaccurate data it would redirect to the home page with a toast error message

**Participant 3:**

Issue/Problem	Violated Heuristic	Severity	Description
Cosmetic Problem	Aesthetic and minimalist Design	1	Aesthetically would prefer more colours so that the app would be more visually appealing.
Cosmetic Problem	Aesthetic and minimalist design	1	When adding or editing an event if you select a time that ends in 00 then it will only show one of the zeros
Minor usability problem	Match between system and the real world	2	Why does the time in the calendar always start at 12 instead of the current time of day
